Aims and Scopes

Il Nuovo Cimento - Colloquia and communications in physics publishes in open access selected and refereed papers from conferences or collections of papers on special topics in all fields of physics.

Each issue is focussed on a specific subject matter of topical interest.

The journal scope covers the whole spectrum of pure and applied physics, including interdisciplinary physics-related subjects.

Notes for the authors - *Il Nuovo Cimento C* is an open access peer-reviewed journal that publishes topical issues in all fields of physics. Only proposals for a complete issue will be considered.

Submission stage - Proposals should be submitted to:

`ncc@sif.it`

The proposal must be accompanied by a message in which publication in *Il Nuovo Cimento C* is explicitly requested.

Manuscript - Manuscript should be prepared according to the style guide downloadable at

<https://en.sif.it/journals/sif/ncc/contributors>

Acceptance/Submission stage - Once the proposal is accepted, the proponents will receive a confirmation from the Editorial Office.

When papers are ready for submission, the source file (.tex) and figure files (.eps) should be submitted following the instructions that will be provided by the Editorial Office in due time. Good reception and successful processing of the files will be acknowledged.

File formats - The text should be prepared using L^AT_EX with cimento class, the package is available at <https://en.sif.it/journals/sif/ncc/contributors>. Using cimento package adhering to the journal standard will hasten the publication process.

For extended instructions on how to prepare figure files in order to ensure good printability, please refer to the graphic preparation guide available at

<https://en.sif.it/journals/sif/ncc/contributors>

Licence agreement - Papers in Open Access are published under the Creative Common Attributions 4.0 Licence. A signed licence agreement is required before publication, you can download it at

<https://en.sif.it/journals/sif/ncc/contributors>

and send it to the Editorial Office duly filled in.

Reprints - Printed reprints can be ordered by contacting the Editorial Office. The cost of reprints will be invoiced by Società Italiana di Fisica, Via Saragozza 12, I-40123 Bologna, Italy.
