SEMINAR ANNOUNCEMENT

Title: What facebook tells about you
Cognitive sciences and social network usage

Marco Elio Tabacchi, Ph.D., University of Palermo

Thursday 21th March 2013, 3 p.m.

Room 5

Via Archirafi 34, 90123 Palermo

Abstract:

Application to analysis and usage of social networks of methods and systems proper of cognitive sciences allows access to different classes of information normally not divulged, both intentionally and just by uninformed customs, by user. This talk deals with four specific aspects of Facebook usage, and four different cognitive methodologies revealing information users are not deliberately sharing.

All interested people, in particular students, are invited to participate.
